(54) Title: TREATING ENDOMETRIOSIS OR INFERTILITY, OR IMPROVING FERTILITY

(57) Abstract: The present invention concerns compositions and methods for using a β -adrenergic agonist for treating endometriosis, for treating infertility, and for improving fertility. The present invention further concerns formulating such a composition or method in such a way as to provide therapeutically sufficient levels of the β -adrenergic agonist locally while avoiding adverse systematic concentrations in the host, thereby minimizing or avoiding adverse side effects.
